WELCOME MESSAGE

Dear colleagues,

The Investigative Rhinology Course this year travels in Cyprus! We are delighted to welcome you to a 2 days hands-on course in which the 2nd Academic Department of ORL in Aristotle University collaborates with the ORL Department of Nicosia General Hospital.

The first day you will attend lectures on olfactory and taste disorders, allergic rhinitis management, nasal airway measurements, laboratory tests and nasal endoscopy findings by distinguished speakers from Greece, Cyprus, Switzerland and Belgium.

The second day participants will have hands-on practice in 4 stations including skin prick testing, olfactory testing, nasal endoscopy and nasal airway measurements.

The course will be held on Shacolas Educational Centre for Clinical Medicine in the campus of the University of Cyprus under the auspices of Cyprus Otorhinolaryngology Society and the Hellenic Society of ENT Allergy Immunology and Sleep Disorders.

I hope that this course will fulfill your expectations having a Rhinology weekend in Nicosia!
